Dear Governor Davis,

My name is Siobhan McCafferty and I urge you to chart a smarter course for California by supporting the CALFED Bay/Delta program.

The CALFED program will invest in water efficiency by providing adequate fresh water to our rivers, bays and fisheries. It will also improve water quality for people and wildlife by enforcing pollution limits and halting the building of massive new dams and canals that flood valuable habitat and harm our environment.

Once again, I urge you to ensure the CALFED Bay/Delta program for a better California.

Sincerely,

Siobhan McCafferty
